Chairman's Update - July 2020

Dear Brinscall Junior's Club Member,

It's been fantastic to see the majority of our players and volunteers returning to training over the last few weeks, unfortunately we are unable to hold our signing on evening like we have in previous years but we do now need to get all our players registered ready for next season to commence.

In order to assist with this process can you please complete a 2020 signing on form for each player and if you cancelled any standing orders, these should now be set up again from 1st August. Once completed, please return to your coach so we can add them to their team. If your child is either new to the club or playing in an odd number age group from September (U9, U11, etc), we will also need an updated photograph. These can either be taken at training or emailed over to your coach to pass on to the registration secretaries.

Our new website is now up and running and we are adding content to it weekly, any relevant documents and forms you might need can also be found there.

If you have any questions or queries, please feel free to contact any of your committee who will help you or point you in the right direction.

Yours in football,

Mark
